- 4.1 The school will remain cognisant of families who do not have access to the resources required for remote education, and will ensure that an up-to-date record of which pupils do not have appropriate devices or internet access is maintained.
- 4.2 The school will utilise the support available through the DfE's 'Get help with technology during coronavirus (COVID-19)' scheme.
- 4.3 Under the scheme, the school can order laptops, tablets and 4G wireless routers to support the following groups of pupils if they do not have access to a digital device or the internet through other means:

Pupils in Years 3 to 11

Clinically extremely vulnerable pupils across all year groups who are shielding or self-isolating in line with government advice

- The devices are set up to access remote education.

- Appropriate safeguarding controls and support are in place to help pupils use the devices safely.
- 4.5 Once devices are ready for collection, the school will either arrange for them to be collected by pupils or their parents from school, or delivered to pupils' homes, ensuring infection control measures are adhered to as part of this process.
 - 4.6 The school will endeavour to ensure internet access for disadvantaged pupils is provided, including where pupils rely on mobile data connection to access the internet.
 - 4.7 The school will work with disadvantaged families to provide access to this scheme.

 - 4.10 Where live lessons are recorded, the school will ensure all recording procedures have due regard for the relevant data protection legislation, including the Data Protection Act 2018 and the General Data Protection Regulation.
 - 4.11 The school will maintain good communication with parents to ensure that parents are aided in supporting their child's remote education.
